

Harmony Event Medicine Feedback Form

Harmony Event Medicine is an ever-evolving organization. We strive to provide a peaceful, caring, healing, supportive and educational environment for our staff, volunteers, and patrons. We'd love to hear your thoughts. Let us know about anything you wish was handled differently, suggestions about policies and procedures, anything you wish we provided, comments from patients that might be helpful, anything you'd like to see be a part of our training, promotion, recruitment, etc. Feel free to share stories of an experience that might help us provide better care to patrons or support staff. Many Thanks.
